Jack Bernstein
Founder of Acorn Paper Products

What Acorn has to offer

Acorn is your true one stop shop for every packaging, shipping, display and printing, and sanitary and janitorial item you can imagine. Acorn provides manufacturing, distribution, and company offices located at its 300,000 square foot facility centrally located near downtown Los Angeles. Founded by Jack Bernstein and family owned for three generations, Acorn Paper Products has been serving the Southwest since 1946.

Acorn Paper prides itself on stocking a full line of packaging and janitorial products in its distribution center that are available for immediate delivery.

- 1600 sizes of stock corrugated cartons are maintained in inventory at our distribution facility.
- Stretch film in standard and micron styles, for hand or machine use.
- Tapes for carton sealing and industrial applications.
- Cushioning products such as loose fill packing peanuts, bubble wrap, and rolled foam are available for immediate delivery.
- Poly bags, and related plastic products including tubing and tarps for a variety of applications.
- Shipping supplies for your shipping department.
- Automated equipment for sealing cartons, wrapping pallets with stretch wrap, and using shrink film is available based on your required specifications.
- A complete janitorial and sanitation program features towels, tissues, wipers, liners, as well as cleaning products and related items.

Just In Time Program

We can provide Just In Time (JIT) deliveries of custom products that are stocked on our floor for delivery when you require.

National Distribution

The ability to service all locations of our customers across North America gives us a wide geographic presence.

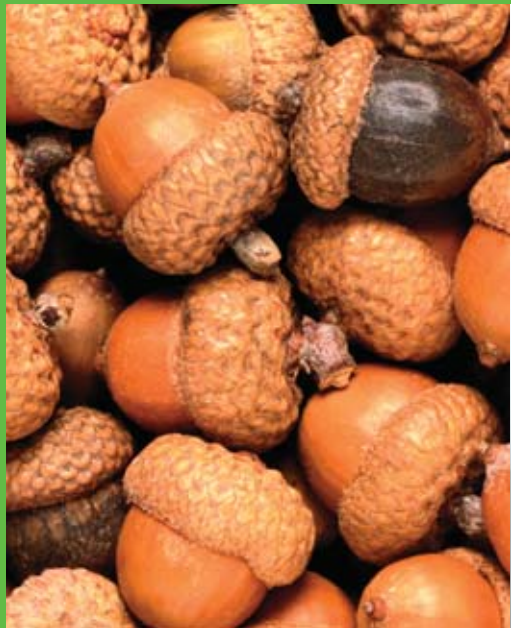

Custom Packaging and POP Displays

Sales professionals and inside staff have experience in custom design and manufacturing of Point of Purchase displays and packaging with high quality graphics to help sell your product.

On site Manufacturing

Having our corrugated Manufacturing Division (AMD Container and Display) on site allows us to have direct control over your custom projects.

Custom Packaging Solutions & Just In Time Delivery

In addition to its extensive array of in stock packaging products, Acorn can guide the customer to many alternatives in custom packaging.

Acorn can help you present the image that is right for your product in a variety of packaging media, depending on your unique situation. We have extensive experience providing custom packaging including the following:

- LITHO LABELS THAT ARE LAMINATED TO A BOX
- CUSTOM PRINTING ON CORRUGATED CARTONS
- POINT OF PURCHASE (POP) DISPLAYS
- FOLDING CARTONS
- PRINTED PAPER RETAIL BAGS
- CUSTOM PRINTED POLYETHYLENE BAGS
- CUSTOM PRINTED TAPE

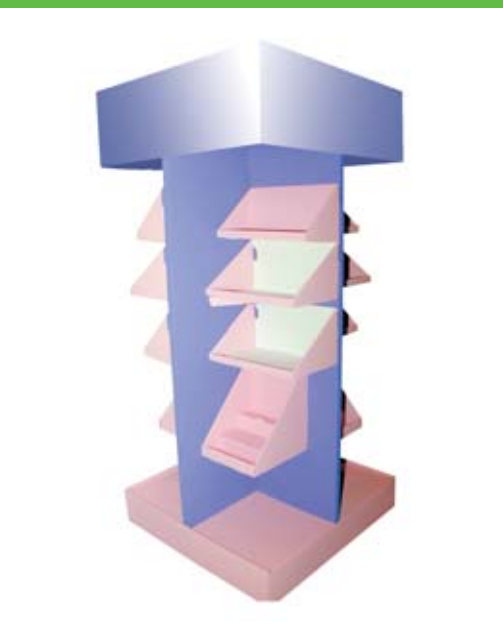

Just In Time Delivery of Custom Packaging

Our Just In Time program allows us to manufacture products to your custom specifications and then deliver these products to you as needed so your operation can run without interruption. This minimizes your space dedicated to storage of custom packaging. Acorn Paper can tailor a JIT stocking agreement to your needs.

BANNERS AND SIGNAGE

Your display needs to make an impact so the consumer will want to buy your product!

The image you present with your POP Display is your best chance to make an impression on a consumer in a retail setting. Acorn Paper realizes the display must help make the sale to be a true success.

Janitorial/Sanitation Program & Predator Products

Exclusive Predator Brand Products

Acorn has strived to put together its Predator line of products that it exclusively markets. Predator products symbolize Acorn's goal of providing a high quality product at a reasonable price.

Tapes

When you want carton sealing tape with a bite! Acorn now sells its exclusive Predator brand tapes. We stock Predator brand carton sealing tapes in hotmelt,

acrylic, and natural rubber adhesives for a variety of box sealing applications. Predator brand tapes bring you an aggressive carton closing option while providing a good value for the money.

Trash Can Liners High and Low Density

Acorn sells Predator Can Liners that provide a high quality addition to its Sanitary/Janitorial program. Predator liners are rugged whether they are needed in Janitorial or Packaging applications.

Other Predator Products

This family of products is currently being expanded to include other products that provide a strong value relative to the cost.

Janitorial and Sanitary Maintenance Program

Whether you need towels, tissues, wipers, trash can liners, or other products, Acorn Paper will be able to suggest the best products for your situation. We are proud to be master distributors of the Kimberly Clark and Georgia Pacific (Fort James) brands of towels, tissues, wipers, and soaps. We carry their full line of products from economy to premium grades.

Manufacturing On Site

Through its manufacturing division, AMD Container and Display, Acorn can maintain a level of control over corrugated manufacturing that is uncommon among Packaging Distributors. Because we manufacture corrugated cartons and displays in-house, we have increased accountability which gives us the ability to meet deadlines that require quick turn around and delivery.

AMD Container and Display operates under the same roof as the distribution warehouse to achieve seamless integration with other divisions. AMD's quality control program insures that you will receive the quality product you demand on a consistent basis.

Among the Boxes, Cartons and Containers that AMD can produce:

ALL SPECIALTY BOARD

ANTI-STATIC BOARD

BIN BOXES

CORRUGATED - CUSTOM DESIGN

CORRUGATED - FULL LINE STOCK

DIE CUT

DISPLAY, POINT OF PURCHASE

FIRE RETARDANT BOARD

LITHO LAMINATING

SYRLON COATING AND PERFINING

INDESTRUCTO

MAILING

MATTRESS

MILITARY SPECS

PARTITIONS

PLASTIC

REUSABLE CASES

SOLID FIBRE

TOTE TRAYS

SILK SCREEN PRINTING

Benefits to Our Customers

Acorn's management has created a company in which customer satisfaction is paramount, and partnering with employees and suppliers is key to this goal.

Customer Satisfaction

The entire organization is customer focused, and we hire employees who display the attitude necessary to provide superior customer service.

Quality in Products and Service

Acorn's program of Total Quality Management is designed to let us provide consistently high levels of service.

Information Technology to Lower Your Cost of Doing Business

Acorn Paper realizes technology only provides value to our customers if it enables us to provide better and faster service with the result of delivering products to you when you expect them.

Our Information Systems give us access to valuable information regarding customer usage patterns. We provide reports to customers as needed to aid in your forecasting of demand and to provide an accurate picture of your purchase history.

Fast, Reliable Service

Acorn's fleet of trucks allows us to provide next day delivery to customers, and our high in-stock rate on most products gives us the ability to meet your deadlines.

Available Inventory

By keeping one of the largest inventories of stock corrugated boxes and other packaging materials in the western United States, Acorn has the products you need when you need them. Acorn stocks 1600 sizes of stock corrugated containers for your convenience, plus thousands of other packaging and shipping supplies, and has a complete janitorial and sanitation program featuring towels, tissues, wipers, liners, cleaning products and related items.

The Role of Acorn Sales Professionals

Through their experience in packaging, our sales professionals work to find a creative solution that conforms to the requirements of the customer.

They can re-design your packaging or introduce new technology to automate your packaging process.

Acorn leverages the experience of its trained inside merchandisers and customer service staff to aid its outside sales staff. In addition, product specialists can be brought in when more technical analysis is needed.

Our goal is to reduce your total cost of procurement.

Web Ordering & Technology

Web (Online-based) Ordering

To minimize transaction costs and lower your overall cost of procurement, we offer Acorn Paper's Web Ordering Solution that allows you to place your orders online with us. Using a secure login and password, your staff can order products quickly so they can minimize time necessary for purchasing.

Distribution Throughout North America

National Distribution Programs are ideal for large customers who want their suppliers to offer single source purchase agreements. If you have multiple branches, whether inside California or throughout North America, we have the capability to deliver to all of your locations. Our affiliation with Afflink lets us serve you from over 500 distribution points in the United States and beyond.

Acorn has worked with Afflink in North America to provide the winning combination of the capability of national distribution with the flexibility of local, personalized service.
